Continental Dialogue
(Denver, 17 November 2015)
1. Actions that will facilitate adoption and implementation of the EDRR Framework at the local, regional and Federal levels.

2. Analysis of the impact of Federal authorities relevant to the effective implementation of E.O. 13112.

3. Evaluation of the value of conducting national assessments, including socio-economic analysis, on cross-cutting invasive species issues to link science with decision-making.

4. Development of a communication strategy to strengthen the NISC’s outreach efforts.

5. Ways to promote regional coordination and cooperation on invasive species at the landscape level.
